# CASO PRÁCTICO DE GESTIÓN DE PROYECTOS DE MOVILIDAD CON PAÍSES ASOCIADOS

EVA GAREA OYA  
UNIVERSIDADE DE VIGO

*JUEVES, 18 JUNIO 2015*

**ERASMUS +**

**Objetivo:** presentar buenas prácticas en la gestión y coordinación de partenariados eficaces y sostenibles así como resaltar la importancia de las relaciones basadas en la confianza a través de los siguientes ejemplos de proyectos con países asociados:

- EMUNDUS GREEN IT (Uvigo coordinador)
- EMUNDUS GREEN TECH WB (Uvigo coordinador)
- EMUNDUS E-GOV-TN (Uvigo socio)
- EMUNDUS EUROINKANET (Uvigo socio)

Una participación activa en partenariados internacionales dará como resultado un incremento en las actividades de construcción de capacidades, así como personal académico, técnico o administrativo más formado y motivado.

En la gestión de proyectos de movilidad con países asociados algunos aspectos importantes que es necesario tener en cuenta son:

### - RELACIONES CON NUESTRAS UNIVERSIDADES SOCIAS

Protocolos de colaboración específicos entre los socios, identificación de personas clave en el ámbito de la gestión en las universidades socias, idioma para las comunicaciones, coordinación conjunta de la organización de la movilidad: fechas para la elaboración de la oferta de plazas, procesos específicos de selección y adjudicación de becas, análisis de perfiles e idiomas, medios concretos de comunicación y realización de trámites on-line entre los socios, info-days y eventos de difusión conjuntos, evaluación continua, análisis de riesgos, calidad de la cooperación en base a indicadores, aspectos culturales vinculados al calendario académico y a la idiosincrasia de cada país asociado.

Palabres clave: confianza, paciencia, control de tiempos de ejecución, saber escuchar al personal de nuestras universidades asociadas, ilusión, acercarse a su realidad cultural y lingüística, uso de redes sociales.

En la gestión de proyectos de movilidad con países asociados es necesario tener en cuenta algunas 'BARRERAS A LA MOVILIDAD' como:

- problemas en la obtención de visados (plazos de obtención largos, trámites necesarios que tienen que realizar nuestras universidades socias, coste elevado y traducción de documentos, posible incorporación tardía de los beneficiarios, dificultades con ciertos países, pj. Kosovo)
- seguros con insuficiente cobertura (tipos de seguros, coberturas mínimas Erasmus: embarazo, suicidio, periodos vacacionales y en tránsito, enfermedades previas)
- admisión de estudiantes con al menos 6 meses de antelación (requisitos y plazos de admisión, títulos, requisitos lingüísticos, admisión extemporánea de estudiantes en programa oficiales (especialmente nivel máster).
- temas sanitarios: vacunas y medicamentos en el extranjero
- primeros días en las universidades de destino: el choque cultural y lingüístico.

Es clave: comunicación directa con embajadas, buena cobertura de seguros, admisión flexible, dedicación de tiempo a los beneficiarios especialmente el primer mes

En la gestión de proyectos de movilidad con países asociados algunos de los aspectos más importantes para los beneficiarios son:

- financiación de la estancia (vinculación con garantía de alojamiento, periodicidad de los pagos y apertura de cuenta en la UE, primeros días, necesidad de tener la beca a la llegada)
- cuestiones académicas (valorar su nivel de conocimientos previos, elaboración de contratos de estudios y reconocimiento real en países asociados, sistema de créditos ECTS inexistente en muchos países asociados)

En la gestión de proyectos de movilidad con países asociados algunos de los aspectos más importantes para los beneficiarios son:

- integración académica y cultural del beneficiario: planificación de actividades de seguimiento al menos bimensuales del rendimiento académico e incorporación en asociaciones de estudiantes.
- cuestiones lingüísticas: oferta de cursos de idiomas intensivos a bajo coste o gratuitos.
- cuestiones de seguridad personal en algunos países para nuestros alumnos

## ¿Como gestionar las relaciones con nuestros socios y los beneficiarios?

### NUESTROS EJEMPLOS

Pero antes no olvidemos que:

- *Erasmus + International mobility (KA107) is a collaborative relationship between entities wishing to work toward shared objectives through a mutually agreed division of labor in an international environment*
- *During the course of these partnerships , organizations often evolve as they learn more about effective management, build capacity, and gain valuable experiences.*

# EMundus Green IT

**EmundusGreenIT** is a mobility plan for Erasmus Mundus Action 2 Strand 1 partnerships, with the aim of deploying the horizontal principles of the EU for economic & social development in Arab Countries through the cooperation in higher education, research & innovation and around the thematic area “Green IT for the benefit of Civil Society”.

It focuses on improving Education, Research and Innovation in North African Countries with a 2-fold objective:

1. **Economic Development:** improving technological transfer & innovation, reinforcing employability and access to global marketplace in the Green-IT area.
2. **Social Development:** promoting equal training opportunities (specially for women), improving governance & social inclusion.

The proposal promotes 10 European Universities as centres of excellence in learning & research around Green IT and drives this excellence to NA countries (Algeria, Morocco, Tunisia, Egypt and Lybia) to contribute to their better governance & social cohesion and to connect Arab countries to the global economy.

# EMundus Green IT

All the European partners included in the partnership have a long experience and knowledge and offer high quality undergraduate, master and doctorate degrees, and specialized research in environmental sustainability, energy-efficient computing, renewable energy sources, IT infrastructure, IT industries and marine resources, among other innovative fields.

Our project is training students at all levels (goal:71 undergraduate, 46 master, 22 doctorate, 18 post-doctorate) with a focus on the promotion of the development of research and the transfer of that research (with the collaboration of the associated members) in these fields, thus contributing to training staff in one of the key priorities of the Union for the Mediterranean: the Horizon 2020 "the de-pollution of the Mediterranean" to achieve a cleaner Mediterranean.

# Our partnership (I)

European partners: HEIs	Country
Universidade de Vigo (coordinator)	Spain
Carlos III University of Madrid	Spain
University of Porto	Portugal
Polytechnic of Milan	Italy
UNINETTUNO - International Telematic University	Italy
Bordeaux 1 University	France
Telecom SudParis	France
Hamburg University of Technology	Germany
Lodz University of Technology	Poland
University of Chemical Technology and Metallurgy – Sofia	Bulgary

## Our partnership (II)

North-African partners: HEIs	Country
University of Sfax (joint-coordinator)	Tunisia
University of Monastir	Tunisia
Ibn Tofail University	Morocco
Abdelmalek Esaâdi University	Morocco
University Hassan II Casablanca	Morocco
University of Beni-Suef	Egypt
Future University	Egypt
Cairo University	Egypt
University Abderrahmane MIRA of Béjaïa	Algeria
University M'Hamed Bougara Boumerdes	Algeria

Associate members:	Country
Externaliza	Spain
SocialWare Lab	Spain
Gradiant	Spain
University of León	Spain
GEG – Gabinete de Estruturas e Geotecnia	Portugal (Libya Del)
CYNAPSYS Software Enterprise	Tunisia
GreenTIC	Morocco
Association of Sustainable Innovation in Tunisia	Tunisia
Association Marocaine pour la Protection du Littoral et Dev. Durable (AMPLDD)	Morocco
Libyan International Medical University	Libya
Omar Al-Mukhtar University	Libya
Université de Perpignan Via Domitia	France
University Hadj Lakhdar of Batna	Argelia
University Hassan II Mohammedia	Morocco

# Coordination team

- Project coordinator team (Universidade de Vigo, Spain)

Project coordinator	Mrs. Rebeca P. Díaz Redondo	emundusgreenit@uvigo.es
Academic coordinator	Mrs. Ana Fernández Vilas	
Technical coordinator	Mrs. Eva Garea Oya	
Technical support	Mrs. María Piñeiro Pardal	

- Project co-coordinator team (University of Sfax, Tunisia)
- At each partner HEI there is an EMundus Green It Coordinator

GreenIT project: FIELDS OF STUDY

GreenIT

# Mobilities and Scholarships

Type of mobility	Cohort 1	Cohort 2	Cohort 3	Total
Undergraduate	20	31	20	71
Master	20	20	6	46
Doctorate	22	0	0	22
Post-doctorate	6	8	4	18
Staff	10	12	6	28
<b>Total</b>	<b>78</b>	<b>71</b>	<b>36</b>	<b>185</b>

Type of mobility	Monthly Allowance	Months
Undergraduate	1.000	5-10 months for EU/ 10 months for NA beneficiaries
Master	1.000	10 months for EU beneficiaries/24 for NA beneficiaries
Doctorate	1.500	36 months max for NA beneficiaries
Post-doctorate	1.800	10 months max for NA beneficiaries
Staff	2.500	1 month for EU/2 months for NA beneficiaries

# Recognition

- For exchange students the partner institutions will guarantee the academic recognition of the study/research period through the signature of the Learning Agreement

# Emundus Green IT Social Network

Given the increasing presence of Web 2.0 technologies since the Arab spring, we have launched a specific and innovative social network for the action, the “**emundusGreenIT**”. You can join our “**emundusGreenIT**” social network from our Web Site.

In our Erasmus Mundus Green IT Social Network you may find all the information and activities regarding our project, as well as other projects our consortia actively develops.

The Emundus Green IT Social Network is a very useful tool for managing our project, communicating with beneficiaries and partners and for dissemination purposes, as well as for improving the use of ICTs among HEIs and general public.

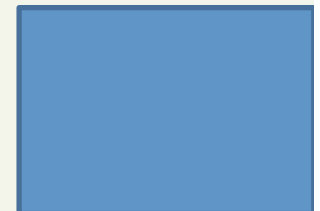

# Emundus Green IT Social Network

Once you enter our social network and have your own account, you will find many different groups. Some groups were created for those interested in our Erasmus Mundus calls and have all the information regarding our offer of scholarships, other groups are for our beneficiaries and several specific groups for our university partners.

The **Applicants group** is for those who want to apply for an Erasmus Mundus grant, the **Beneficiaries** group comprises those who already obtained an Erasmus Mundus grant and the group **Press** is maintained by our Erasmus Mundus Green IT team and it is aimed at disseminating news and our project activities. The **Community** and **Help** groups are open.

The Erasmus Mundus Green IT Social Network is being constantly improved and new groups are being created to improve the daily management of our project and to offer innovative ICTs resources to our partner HEIs.

## for the benefit of civil society

The mobility plan in this action was designed with the aim of deploying the horizontal principles of the European Union for economic & social development in Third-Countries through the cooperation in higher education, research & innovation and around the thematic area “**GreenIT for the benefit of Civil Society**”.

The proposal promotes European HEI as centres of excellence in learning & research around Green IT and drives this excellence to North Africa countries in order to contribute to their better governance & social cohesion but also to connect Arab countries to the global economy.

# Challenges

## (from the EU partners point of view)

- ✧ Cultural differences are important (if we compare the European culture and EU traditions with the NA countries culture and traditions). All our partners agree that our NA partners are generous and provide great hospitality.
- ✧ Language knowledge: French is necessary; it is highly recommended that students learn Arabic during the exchange period.
- ✧ A different academic calendar and degrees organization (with a high number of enrolled students at courses at NA HEIs)
- ✧ Initial academic recognition from our EU partners (it is necessary much flexibility when looking for courses equivalence) and final academic recognition and grades obtained.
- ✧ Joint decision making among the partners of such a large network (92% satisfaction regarding our last quality survey)
- ✧ Visa procedure (a long and bureaucratic process)  
We are actively supporting students and staff with this issue.

## Hello and welcome to our Erasmus Mundus GreenTech-WB Social Network!

In our Erasmus Mundus Social Network, **Social-Green-Tech-WB**, you will find all the information and activities regarding our project Erasmus Mundus GREEN TECH WB: Smart and Green Technologies for Innovative and Sustainable Societies in Western Balkans, funded by the European Union. You also can find information about other projects our consortia actively develop as well.

**Social-Green-Tech-WB** is a very useful tool for managing and promoting our, as well as for improving the use of ICTs among HEIs and general public.

First, you have to **register**. You can do that by clicking on the register button on the top right side of this page. The account you create should contain your real name and surname, as our technical team manually activates the accounts.

**Second**, you need to **upload a photo**, which has to be a photo of you. This way, we will be able to validate and activate your account.

Once you create the account, you have to check in a couple of days and see if it has been **validated** by simply logging in with your user name and password. Automatically you are included in the **Community** group, where you can find useful information about the application procedure and ask any questions related to issues on the Erasmus Mundus grants.

**Remember!** You can only register once the call for applications has been opened!

Moreover, once you enter our social network, you will find many different groups, some groups were created for those interested in our Erasmus Mundus calls and have all the information regarding our offer of scholarships; other groups are for our beneficiaries and several specific groups for our university partners. If you want to join any of the groups, you need to click on **Join group**. The Applicants group is for those of you who want to apply for an Erasmus Mundus grant, the **Beneficiaries** group comprises those who already obtained an Erasmus Mundus grant and the group **Press** is maintained by our Erasmus Mundus GreenTech-WB team and it is aimed at disseminating news and our project activities. If you need answers to technical problems concerning our virtual platform, you can join the **Help** group. The **Community** and **Help** groups are open. The **Social-Green-Tech-WB** is being constantly improved and new groups are being created to improve the daily management of our project and to offer innovative ICTs resources to our partner HEIs.

Coordinator: Katholieke Hogeschool Sint-Lieven (Belgium). <http://projects.odisee.be/BIHTEK/>

## EACEA indicated as positive and good practice

- Organization of the regional meeting of the partnerships operating in the North of Africa
- The initiative to design an academic guide regarding the education in North Africa Countries with the purpose to finish it by the end of the project.

ERASMUS MUNDUS

Xornada Informativa: o programa Erasmus Mundus

Universidade de Vigo

# ERASMUS MUNDUS

A participación da Uvigo no curso 2015-16  
no programa Erasmus Mundus

Vigo, 22 de xaneiro 2015

*Coordinamos:*

**Green IT** Green IT for the benefit of the Civil Society

**GREEN-TECH** Green-Tech-WB: Smart and Green technologies for innovative and sustainable societies

*Somos socios en:*

**EUROINKA**  
Erasmus Mundus Europe and Latin America Innovation and Knowledge Academic Network (EuroInKANet)

**egovTN**  
Erasmus Mundus EGOVTN: Open Government data in Tunisia for Service Innovation and Transparency

## O que é o programa Erasmus Mundus

*Erasmus Mundus é un programa financiado pola Unión Europea de cooperación e de mobilidade na educación superior que ten como obxectivo impulsar a calidade da educación superior europea e promover o diálogo e a cooperación internacional cos países terceiros.*

*Erasmus Mundus Acción 2 fomenta a creación de partenariados entre as institucións de educación superior dos países da Unión Europea e dos terceiros países que inclúen axudas para mobilidades en tódolos niveis académicos: Undergraduate, Master, Doctorate, Post-Doctorate e mobilidades de persoal docente e persoal de administración e servizos.*

A nosa universidade é membro asociado:

en 5 partenariados mais: Dream, ACP, Angle con África, Caribe, Pacífico; AESOP+ con Sudáfrica e IMPAKT con Asia.

Oferta de prazas disponible para estudantes e persoal baixo a modalidade Target 2.

**Data límite para a presentación das solicitudes:**  
**14 DE FEBREIRO (3ªconvocatoria)**

Total mobilidades do proxecto: 185  
Mobilidades restantes dispoñibles  
para a terceira convocatoria de UE → NA:

Grao: 36  
Posdoutoramento: 4  
PAS e PDI: 3

Web: <http://emundusgreenit.uvigo.es/>

Rede social para solicitar as prazas de mobilidade: <http://social.emundusgreenit.uvigo.es>

GreenIT

*Coordinamos:*  
EMundus Green TECH WB,  
smart and green technologies  
for innovative and sustainable societies

- **MOBILIDADES ENTRE A UNIÓN EUROPEA E OS BALCÁNS OCCIDENTAIS**  
Albania, Bosnia & Hercegovina, Kosovo, Montenegro, Serbia.  
ORZAMENTO DO PROXECTO: 2.921.875€

GREEN-TECH-WB inclúe 153 mobilidades (28 para os cidadáns da Unión Europea e 125 para os WB) en torno ao triángulo de cooperación na educación superior, investigación e innovación e baixo o amparo do campo temático das tecnoloxías verdes.  
GREEN-TECH-WB promove as Institucións de Ensino Superior como centros de excelencia en formación e investigación en torno ás tecnoloxías verdes e leva esta excelencia aos países dos Balcáns occidentais co obxectivo de contribuir á súa mellor organización e cohesión social, ademais de conectar esta rexión á economía mundial.

- **Campos de estudo dispoñibles:**
  - Tecnoloxías da información e da comunicación;
  - Enxeñería e enerxía;
  - Protección do medio ambiente, Preservación do paisaxe cultural, Agricultura, Procesamento dos alimentos, Silvicultura, Minería;
  - Administración públicas e de empresas, Dereito e Relacións Internacionais, Idiomas;
  - Turismo e Patrimonio cultural.

Data límite para a  
presentación das solicitudes:  
**20 de febreiro** (1ª convocatoria)

Total mobilidades: 153

Mobilidades dispoñibles de UE → WB:

Grao: 8  
Mestrado: 8  
PAS e PDI: 12

Web: <http://green-tech-wb.uvigo.es/>

Rede social para solicitar as prazas de mobilidade: <https://social-green-tech-wb.webs.uvigo.es/>

## Somos socios nos seguintes proxectos Erasmus Mundus

Erasmus Mundus Europe and Latin America  
Innovation and Knowledge Academic Network (EuroInKANet)

- **MOBILIDADES ENTRE A UNIÓN EUROPEA E AMÉRICA LATINA**  
(Brasil, Arxentina, Bolívia, Colombia, Ecuador, México, Paraguai, Perú)
- As 7 institucións da Unión Europea e as 13 latinoamericanas estableceron un partenariado co obxectivo de desenvolver un programa de mobilidade entre rexións en varios niveis de formación, investigación e administración dentro dunha ampla gama de áreas académicas.

O proxecto prevé un total de 182 mobilidades incluíndo grao, mestrado, doutoramento, posdoutoramento, PAS e PDI cun orzamento total: 3.159.800€

Data límite para a presentación  
das solicitudes: **6 de marzo**

Para solicitar a participación,  
consulte á páxina web do proxecto.

Web do proxecto: <http://www.euroinka.eu/> Email: [euroinkanet@mmu.ac.uk](mailto:euroinkanet@mmu.ac.uk)

Erasmus Mundus EGovTN: Open Government Data  
in Tunisia for Service Information and Transparency

- **MOBILIDADES ENTRE A UE E TUNISIA**
- E-GOV-TN é un programa de partenariado dentro da acción Erasmus Mundus 2 (EMA2) que pretende fomentar a colaboración entre 5 universidades da Unión Europea (Francia (3), Polonia, España) e outras 6 de Tunisia (Gabès, Gafsa, Kairouan, Monastir, Sfax, Tunis) mediante o envío e a acollida de estudantes e persoal universitario. Orzamento: 1.999.800€

Data límite para a presentación das solicitudes: **1 de febreiro**

Para solicitar a participación, por favor acceda á páxina web do proxecto.

Web do proxecto: <http://www.egovtn.univ-nantes.fr/>

## A nosa universidade é membro asociado:

5 partenariados mais: Dream, ACP, Angle con África, Caribe, Pacífico;  
AESOP+ con Sudáfrica e IMPAKT con Asia.

Oferta de prazas disponible para estudantes e persoal baixo a modalidade  
Target 2.

Mobilidades entre a UE e algúns dos países ACP (Trinidad e Tobago, Angola, Cabo Verde, Chad, Etiopía, Fidxi, Gabón, Madagascar, Mozambique, Nixeria, Timor-Leste, Zambia)

Web do proxecto: <http://dream.up.pt/>

Mobilidades entre a UE e algúns dos países ACP (República Dominicana, Angola, Cabo Verde, Timor-Leste, Mozambique, Senegal, Madagascar, Camerún, República Congo, Quenia, Fidxi, Barbados, Xamaica, Trinidad e Tobago)

Web do proxecto: <http://mundusacp.up.pt/>

Mobilidades entre UE e algúns dos países ACP (Fidxi, Angola, Camerún, Cabo Verde, Congo, Quenia, Madagascar, Mozambique, Senegal, Timor-Leste, Trinidad e Tobago)
