Erasmus Plan

Objectives

The following is the list of your Erasmus Plan objectives and your estimated yearly activity targets. Please consider these objectives carefully when requesting your activities in the next section. Above all, you should make sure that the activities you request can contribute to achieving your Erasmus Plan objectives - this will be one of the key measures for evaluating your activities once they are finished.

Objective 1: Identifier et analyser au niveau européen les meilleures pratiques existantes ou émergentes en matière de réutilisation et de revalorisation du patrimoine

Objective 2: Acquérir un savoir-faire afin d'affirmer un nouveau rôle social du patrimoine matériel et immatériel européen

Objective 3: Développer nos publics, et accroître l'attractivité de nos sites grâce à une démarche d'accessibilité renforcée

Objective 4: Approfondir les capacités de coopération européenne des participants pour créer un réseau européen de sites patrimoniaux d'excellence engagé sur le tourisme inclusif et participatif

Planned activities

The following table shows your estimated yearly targets for number of participants.

These yearly activity targets are not obligatory. You will not be penalised if you request fewer activities than originally planned according to the table below. Working on your Erasmus Plan objectives is more important than reaching a specific number of participants.

Year	Estimated number of staff
Year 1	30
Year 2	30
Year 3	30

will be adjusted accordingly. At the end of the grant agreement, your results will be evaluated based on the agreed target figures. For this reason, it is very important to make the most realistic request possible, rather than the most ambitious one.

At the same time, flexibility is an important feature of the accreditation system. During implementation, the actual number of participants and duration of activities may vary. The key principle to keep in mind is that you should always be able to explain your choices in relation to your Erasmus Plan objectives

Please choose the types of activities you would like to implement in your project and complete the following table with the number of participants and duration for each type of activities you have chosen. In addition, you can request accompanying persons and preparatory visits where needed.
