# ETWINNING EUROPEAN PRIZES

El IES Jándula ha participado en Bratislava (Eslovaquia), del 28 al 30 de septiembre, en el curso eTwinning "Advancing learning and innovation with future-proof skills", donde la profesora Dña. Mercedes Casuso ha recibido el Premio Europeo eTwinning 2023 "Innovación y educación" por el proyecto "Myth'arts, Myth in Arts and Literature", realizado con estudiantes del centro en colaboración con el *les Al-Andalus* de Almería, el *Collège Saint-Gabriel de Pacé* (Francia) y el *Liceo G. Berto de Vibo Valentia* (Italia).

Las profesoras del proyecto han impartido dos talleres a profesorado de toda Europa: uno, sobre el proyecto premiado, otro, sobre las habilidades transversales del siglo XXI en educación.

# Hosting Long-Term Mobilities Students

In spring 7 students from Maximilian Kolbe  
Gymnasium were hosted by our students during a  
month , they attended classes at IES Jándula and  
both Spanish and German students gained specific  
benefits:

- self-confidence
- greater self-empowerment and self-esteem
- improvement of foreign language skills
- networking with friends (for life)
- enhancing intercultural awareness and skills
- ability to adapt to new situations

🇩🇪🇪🇸 Aquí dejamos unas imágenes para el recuerdo: la entrega de certificados y despedida de nuestras 7 alumnas de Colonia (Alemania), las primeras que acoge el IES Jándula como Movilidad de Larga Duración, el formato de más impacto dentro del programa Erasmus+.

🇩🇪 Junto a ellas, sus profesores alemanes, que concluyen también su semana de job shadowing en nuestro centro. ¡Aquí tienen sus casas siempre!

❤️ Gracias, una vez más, al alumnado y familias que las han acogido con los brazos abiertos, por hacer posible esta increíble experiencia.
