**GREEN TRANSITION &  
SUSTAINABLE DEVELOPMENT**

**Environment  
& fight against climate change**

# SALTO NETWORK

# TEAM SALTO GREEN

On green transition and environmental sustainability  
for Erasmus+ programmes and the European Solidarity Corps.

**Launched the 1st of March 2023.**

**Felix TRAN**

Research and dissemination engineer

**Delphine SAUVAGET**

Head of unit

**Anne-Louise DUPIN**

Pedagogical engineer

**Solène DESGROPES**

Administrative assistant - Events & communication

# Our stakes

Support and strengthen the **capacities of Erasmus+ and ESC NAs and their ecosystems** (beneficiaries, evaluators, multipliers, etc.) in regard to **green transition and environmental sustainability**

- **Raise awareness, train and support NAs and beneficiaries,**
  - **Create and develop a community of practice and knowledge,**
  - **Develop impact measurement and analysis,**
- **Forward looking initiatives in partnership with the DG EAC.**

# 2024

European projects compilation

Launch of website

Representation throughout Europe

Launch of one-pagers on topics linked with green transition within NAs

Webinar cycle

Organization of GCP meetings

# What type of best practices?

## Before the project / mobility :

- Select partners that could provide best practices for green projects
- Sustainable management of events
- Select a carbon footprint calculator
- Build curricula / learning agreements with green raising of awareness
- Work on a proposal for sustainable means of transport for your learners' mobilities

## During the project / mobility :

- Preparatory workshops (climate fresk; 2tons etc.)
- On-site best practices :
  - Recycling ; Reducing (Waste) ; Reusing
  - Nudges to incentivize sustainable behaviors

## After the project / mobility (outputs):

- Transferable outputs (in English & adaptative)
- Toolkits on specific thematics
- Innovative approach
- When the participant has developed complementary skills (green skills)

# VET best projects

## ESG-Up

To address the training and knowledge gaps of SMEs in sustainability practices to become more competitive and resilient.

<https://esg-up.erasmus.site/>

## eGreen project

assess the environmental impact of VET stakeholders and their digital practices, and give them the means to move towards a sustainable and inclusive digital transition.

<https://adice.asso.fr/projects/egreen/>

## The AgroChallenges game

A serious card game made to understand underlying assets of economic, environmental, social, food and agricultural challenges

<https://www.greenerasmus.org/>

## NECTAR Project

New education transition in agroecology and rurality. Tools to understand how learners are learning to be more efficient

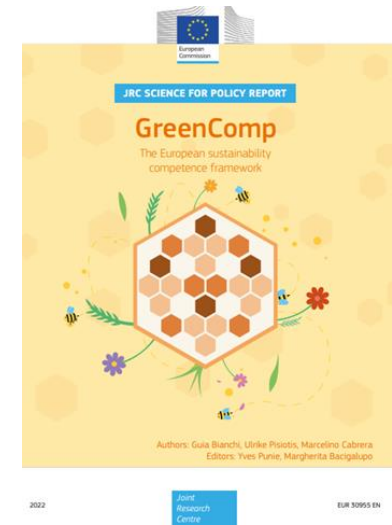

<https://padlet.com/Bergerienationale/nectar-911xbytr06baob8k>
