

## Climate, environment and sustainability: work with children between 1 and 9 years

**Date:** Between 31 st May and 3rd June 2022

**Place:** Ålesund, Norway

**Type of event:** Transnational Cooperation Activity

**Working language:** English

**Number of Spanish participants:** 3

**Profile of participants:** The seminar is open to participants within the fields of school education. The seminar is mainly targeted at teachers, leaders and others working with children in pre-primary and lower primary school (age 1-9), who are interested in learning how to start a small scale partnership in Erasmus+. Thus, the institutions they represent are interested in engaging in a KA210 Partnership. "Other working with children" might be librarians (both school librarians and staff of public libraries), music/art schools, NGOs, etc. Participants should have good command of English. Participants should have no or little experience in Erasmus+ (ex. They can only have been coordinator once and/or only have been in 3 partnerships).

### Themes and goals:

- Presentation of the Norwegian Education system with focus on the youngest children in Education.
- Inspire and give new ideas to enhance the work with sustainability in kindergartens and schools.
- Discussion of the situation of sustainability in education in the participating countries. Study-visit to one kindergarten or one primary schools working actively with sustainability in Education.
- Reflection on impact (possible use of Impact+ tool).  
How to write a KA210-proposal.
- eTwinning.

### Expected results:

- Discussions and focus on the topic "sustainability" in kindergartens and primary schools (lowest grades).
- Networking and sharing experience.
- Inspiration for the future work and European projects on the topic.
- Starting cooperation that will lead to applying for KA210-funding in June October 2022.

- Our primary goal is that, by the end of the seminar, every participant has found a KA210-partner on the subject.
- Our secondary goal is to host at least 50% of newcomers to Erasmus+.
- Our third goal is that at least 12 partnerships emerge from the seminar.
