

**“THE FUTURE OF EUROPE – EUROPE IS YOUR FUTURE! PUPILS’ PARTICIPATION IN DEMOCRATIC LIFE”**

**Date:** 27/02/2023 - 28/02/2023

**Type of event:** online

**Working language:** English

**Number of Spanish participants:** 6

**THEMES AND GOALS**

The participation of young people in democratic processes is of paramount importance for the European Union's future. On one hand young people are increasingly involved in 'alternative forms' of participation, but on the other hand many young people feel disconnected from our democratic structures and institutions. How can schools and Erasmus+ support pupils' participation in democratic life, social and civic engagement through learning activities?

**EXPECTED RESULTS**

This online event is designed as a barcamp where teachers and pupils can actively bring in ideas for exchange, get to know teachers and pupils from other countries, get information about the funding programme Erasmus+ and learn how it works by experienced teacher and pupils.

**ADDITIONAL INFORMATION**

Once the participating teachers in each country have been selected by the respective NA, they are asked to register themselves and their two pupils on the platform Sphinx. In the next step, the participants are invited to the event platform Venuess. There, they can introduce themselves with a profile and propose ideas for collaboration. The ideas will be presented at the barcamp and, depending on the interest of all participants, they will find their way into the programme. Take note: the Barcamp is hosted via the event platform Venuess on servers in Germany (Heidelberg) and is compliant with the EU General Data Protection Regulation.
