

# Connector 7.0

## Connecting the world by non-formal learning

**Date:** Between 05 and 08 July 2022

**Place:** Bucharest, Romania

**Type of event:** Transnational Cooperation Activity

**Working language:** English

**Number of Spanish participants (VET):** 2

**Profile of participants:** Youth workers, adult education practitioners, trainers, learning facilitators, teachers, educators, and support staff, representatives coming from schools, higher education, adult education, and vocational training. Other enthusiasts interested in non-formal learning are welcome!

**Themes and goals of the event:** The 7th edition of Connector aims to create a space and context where people involved in learning become familiar with and practice different non-formal learning methods to be used in inclusion&diversity contexts. A special focus will be put on how these learning methods can be used to integrate migrants and refugees, given the result of the displacement crisis that started on February 24, 2022.

In the context of the European Year of Youth and the Ukraine humanitarian crisis, our choice is a natural one and in line with the EU positioning.

### **Expected results:**

- Promote non-formal learning in Europe with an emphasis on inclusion and more specifically on working with refugees and migrants
- Create connections between non-formal learning and formal education
- Create a collaborative space for sharing methods, instruments, practices and efficient ideas for learning (to get an idea, some of the previous editions' methods were: debate, nonviolent communication, photovoice, forum theater, improvisation theater, storytelling, graphic facilitation, living library)
- Create a learning space with a focus on European values
